

OneTouch Compliance™

OneTouch Keeps You ACA Compliant

With the passage of the Affordable Care Act, businesses are required to track, maintain and report on data in new and complicated ways. ACA adds complexity because the compliance data currently exists in non-integrated solutions.

OneTouch integrates data, so you're prepared to respond to compliance issues now, before the IRS comes knocking at your door. OneTouch. One Solution.

When it Comes to ACA...

...We do the work. OneTouch Compliance (OTC) delivers answers to key questions and solutions to keep you compliant.

OTC calculates full-time equivalent (FTE) status of variable hour staff

OTC stores all the key data

OTC is one unified compliance system

OTC costs less than outsourcing this capability or adding staff

OTC produces audit ready reports for the IRS

We Do the Work to Keep You Compliant
